>This is all wonderful news it's about time the US gets their shit kicked in
>Fuck the United States, fuck the jews
>The jews are a criminal people, they mutilate their children, they are a murderous thieving lying people, they made up the holocaust there's not a word of truth to it

How did this otherwise 180 IQ genius become brainwashed into believing such far-right nonsense? What pathologies did he have that caused him to become such a delusional antisemite?

he himself was a jew, and for some reason some of them just go insane and become self hating, many such cases

>The jews are making trillions and trillions with this Internet Revolution
>They just totally own the whole country
>I'm hoping for a revolution in the US and the jews get kicked out of power so I can return there

What was wrong with him?

>he himself was a jew
He wasn't. He wasn't circumcised as he claimed. Not a Jew.

He was persued to a degree that makes absolutely no logical sense for his 1992 rematch with Spassky

>play 1992 chess match in Yugoslavia
>sanctioned to fuck for human rights violations
>is therefore technically violating an executive order
>arrest warrant issued
>picked up for it 2004
>is a total has been that everybody has forgotten since his 1972 victory over Spassky
>US government felt it nessecary to anally rape him 32 years after he became irrelevant, 12 years after committing an offence that was totally unimportant

The fact they perseud him like that instead of just letting him fade out of public view as he so clearly wanted to would make anybody hate the jews.

Every once in a while, someone born jewish will reject the title and realize how evil that group of people is.
